

12 April 1984

MEMORANDUM FOR THE RECORD

SUBJECT: PERINSUR Review

STAT
STAT
SIAI
1. A meeting was held 10 April 1984 with ODP representatives;
[redacted] and OP representatives; [redacted]
[redacted] to review
the status of the PERINSUR system.

STAT
STAT
2. It was noted by [redacted] that ODP considered PERINSUR baselined on 30 March 1984, therefore, additional problem reports and Phase II of the PERINSUR development should be submitted via Form 930 with the original sent to [redacted] for his signature and a copy to Marcia for her completion. The 930s will be completed in date order unless a priority problem arises which would then take precedence. Outstanding problem reports prior the 30 March 1984 date will be completed without the Form 930 and problem report number 46 will be closed out without action pending any reoccurrence.

STAT
STAT
3. [redacted] informed [redacted] that Insurance Branch will be ready to begin Accounting Section automation in Fiscal Year 1985. Claims is slated to begin in Fiscal Year 1986 and mainstreaming of PERINSUR to begin in Fiscal Year 1987 with all three systems interlocking at time of completion. [redacted] requested that ODP consider the PERINSUR mainstreaming under Fiscal Year 1987 ODP budget initiatives and will prepare a memorandum to that effect. [redacted] suggested that we prepare a memorandum to OL/PD requesting QSI as the best source for accounting automation, since they have done so much preparation work and their ODP contract expires in September 1984. [redacted] is supplying Insurance Branch with samples of this type of request for use in preparing the memorandum.
